ELECTRICAL CONSTRUCTION CAPITAL ACCOUNT

The Electrical Construction Capital Account is established for the purpose of constructing, maintaining and repairing street lighting and other public electric facilities, and for the purpose of purchasing and maintaining a stock of material and supplies in connection therewith, the expense of which is to be reimbursed from appropriations of City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges shall be based on the cost of furnishing construction labor, material and services, rented equipment, engineering labor and any applicable overhead including general and administrative overhead as determined by semi-annual, annual or other periodic rate studies initiated and/or approved by the Chairman of the Committee on Finance, City Comptroller and the Budget Director; further provided that charges for the use of trucks, compressors, mixers and other rolling and mechanical equipment shall be made on a unit rate per day or other unit as shall be determined by the Commissioner of Streets and Sanitation and approved by the Comptroller. Such unit rate or other basis of charge shall be determined and shall be adjusted from time to time on the basis of actual cost for furnishing the use of such equipment, which cost shall include expense incidental to the maintenance, housing and operation of such rolling and mechanical equipment and an appropriate charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Electrical Construction Capital Account to a depreciation reserve fund and expended therefrom for the replacement of rolling and mechanical equipment.

The foregoing provisions shall not affect any claim which the tenant may have against the developer for damages arising out of the right of first refusal provided in this section, nor shall it affect the penalties provided in Section 100.2-11 hereof.

D. No occupied unit shall be shown to any purchaser or prospective purchaser for thirty days after notice of intent to record, as provided herein, is given.

100.2-8. No person shall fail to allow unit owners to inspect the financial books and records of the condominium association within three business days of the time written request for examination of the records is received.

100.2-9. The Commissioner of Consumer Sales, Weights and Measures shall administer this chapter and may adopt rules and regulations for the effective administration of this chapter.

100.2-10. The rights, obligations and remedies set forth in this chapter shall be cumulative and in addition to any others available at law or in equity. The Department or any prospective purchaser, purchaser or owner of a unit may seek compliance of any provision of this chapter, provided, however, that only the Department may enforce the provisions of Section 100.2-11. In any action brought to enforce any provision of this chapter except Section 100.2-11 the prevailing plaintiff shall be entitled to recover, in addition to any other remedy available, his reasonable attorneys fees.

100.2-11. Any person found guilty of violating any of the provisions of this chapter upon conviction thereof shall be punished by a fine of not less than $100 nor more than $300 for the first offense and not less than $300 nor more than $500 for the second and each subsequent offense in any 180-day period, provided, however, that all actions seeking the imposition of fines only shall be filed as quasi-criminal actions subject to the provisions of the Illinois Civil Practice Act (Ill. Rev. Stat. 1975, Ch. 110, par. 1 et seq.). Repeated offenses in excess of three within any 180-day period may also be punishable as a misdemeanor by incarceration in the county jail for a term not to exceed six months under the procedure set forth in Section 1-2-1.1 of the Illinois Municipal Code (Ill. Rev. Stat. 1975, Ch. 24, par. 1-2-1.1) under the provisions of the Illinois Code of Criminal Procedure (Ill. Rev. Stat. 1975, Ch. 38, pars. 100-1, et seq.) in a separate proceeding. Each failure to comply with the provisions of this chapter with respect to each person shall be considered a separate offense. A separate and distinct offense shall be regarded as committed each day on which such person shall continue or permit any such violation. In addition to such fines and penalties, violation of any provision of this chapter shall be cause for revocation of any license issued to such violator or offending party by the City of Chicago. Nothing herein shall be construed to preclude the revocation of any license for violation of any other provision of the Municipal Code of Chicago.

100.2-12. If any provision, clause, sentence, paragraph, section, or part of this chapter, or application thereof to any person, or circumstance, shall, for any reason, be adjudged to be unconstitutional or invalid, said judgment shall not affect, impair or invalidate the remainder of this chapter and the application of such provision to other persons, firms, corporations, public agencies or circumstances, but shall be confined in its operation to the provision, clause, sentence, paragraph, section, or part thereof directly involved in the controversy in which such judgment shall have been rendered and to the person, firm, corporation, public agency, or circumstances involved. It is hereby declared to be the legislative intent of the City Council that this chapter would have been adopted had such unconstitutional or invalid provision, clause, sentence, paragraph, section, or part thereof had not been included.

SECTION 2. (a) This ordinance shall be in full force and effect on January 1, 1978.

(b) No person shall be required to furnish or distribute a property report prior to 45 days after the effective date of this ordinance, except that immediately upon the effective date of this ordinance all developers in the process of offering a condominium conversion for sale shall make available for inspection all existing engineering reports.

(c) Section 100.2-6 shall not apply to any condominium in which units were offered for sale to the general public prior to the effective date of this chapter.

Landlord has heretofore entered into a certain lease agreement (Ground Lease) dated October 13, 1976, with Tenant, by which Landlord leases to Tenant certain premises (Premises) described in the Ground Lease situate at Chicago-O'Hare International Airport, located in the Counties of Cook and DuPage, Illinois, a copy of which Ground Lease is attached hereto, marked Exhibit "A" and by this reference incorporated herein and made a part hereof. Said Ground Lease has not been modified, amended, supplemented or assigned and remains in full force and effect between Landlord and Tenant in accordance with its terms. Tenant proposes to obtain the financing of the costs of erecting the improvements contemplated by the Ground Lease from Lender, and to make to Lender a leasehold mortgage (Mortgage) upon Tenant's leasehold estate in the Premises, its interest in the Ground Lease, and its improvements and chattels on the Premises to secure the loan (Loan) to be made by Lender to Tenant.

Consent and Agreement

Now Therefore, in consideration of the sum of Ten Dollars ($10.00) to Landlord in hand paid and other good and valuable consideration, the receipt of which by Landlord is hereby acknowledged, and of the mutual covenants hereinafter contained, Landlord hereby consents and agrees as follows, with the knowledge and understanding that Lender will rely upon this Consent and Agreement in providing the financing and making the Loan and Mortgage referred to above:

1. Notwithstanding the provisions of Article XIII and XV of the Ground Lease, for the purpose of securing a Loan to be made by Lender to Tenant, the proceeds of which will finance the costs of the improvements on the Premises as contemplated by the Ground Lease, Landlord hereby consents and agrees that Tenant may make and perfect unto Lender a leasehold mortgage (Mortgage) upon Tenant's leasehold estate in the Premises, its interest in the Ground Lease and its improvements and chattels on the Premises, substantially in the form of instrument attached hereto, marked Exhibit "B" and by this reference incorporated herein and made a part hereof.

2. Landlord confirms that Lender will be an assignee-mortgage-lender under Article XIII of the Ground Lease and, will be entitled to reassign its interest under the Ground Lease. If Lender, any successor or assignee of Lender shall succeed to Tenant's interest in the Ground Lease, the Premises and the property demised by the Ground Lease, may, upon Landlord's consent, (which consent will not be unreasonably withheld or delayed) thereafter be used for any lawful purposes, subject to the restrictions of the Ground Lease.

3. The second paragraph of Article XIII of the Ground Lease shall have no application to the mortgaging contemplated by this Consent and Agreement.

4. Landlord shall give Lender notice of any consent, waiver, surrender, modification, default or cause for termination of Tenant under the Ground Lease at the same time notice thereof is sent to Tenant, and no such notice shall be effective for any purpose until received by Lender. Lender shall have the right, but not the obligation, to cure any default or cause for termination of Tenant under the Ground Lease. So long as Lender shall be proceeding to cure any such default or cause for termination, (or in the event of a default or cause for termination which cannot be cured by Lender, Lender shall be proceeding to foreclose upon or take possession of the mortgaged property) Landlord will not terminate the Ground Lease or repossess the Premises upon Tenant's bankruptcy or otherwise.

5. Insurance required by the Ground Lease may name Landlord, Tenant and Lender as insureds, and losses shall be payable (except in the case of comprehensive general liability insurance) to Landlord, Tenant and Lender, as their respective interests may appear, to be first applied in accordance with the terms of the Ground Lease and next in accordance with the provisions of the Mortgage. The limit of the cost incurred by Landlord in repairing or rebuilding the building constructed on the Premises shall be the sum of insurance proceeds available for such purposes, plus any moneys made available by Tenant for such purpose. Landlord confirms that the provisions of paragraph 5 of the Mortgage comply with the provisions of the Ground Lease.

6. Any and all sums payable by Landlord to Tenant pursuant to any provision of the Ground Lease, including any unamortized portion of the cost of the permanent structures and improvements under Article VI of the Ground Lease, shall be paid by Landlord jointly to Tenant and Lender as their respective interests therein may appear.

7. All notices, requests or other communications given by one party to another party, pursuant to any provision of this Consent and Agreement, shall be given in writing by certified mail, return receipt requested, to the following address of the applicable party or to such other address of which that party shall have given notice:

REGULATIONS GOVERNING THE ADMINISTRATION OF THE COMPENSATION PLAN AND EMPLOYEE BENEFITS FOR CLASSIFIED POSITIONS SET FORTH IN THE ANNUAL APPROPRIATION ORDINANCE.

A. PURPOSE

These regulations contain provisions governing compensation administration, and benefits for all classified positions under the jurisdiction of the Department of Personnel in the departments and offices which are subject to control and regulation by and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago, and for all positions in the departments which are exempted from the jurisdiction of the Department of Personnel, but which are subject to the control and regulation by, and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago.

B. ADOPTION AND DEFINITION OF THE COMPENSATION PLAN

(1) *Adoption of the Compensation Plan.*

(a) The salary schedules, including a range of pay for each class grade, as set forth in Schedules B, D, E, G, and S Base Salary Schedules for career service classified positions, except positions with single rates, and positions in the exempt offices; Schedule C Longevity Salary Schedule for the positions covered by Schedule B hereof shall constitute the compensation plan for the City employees in departments which are subject to the control of the Mayor and the City Council. The class grade for each class of positions as specified in Schedule A as on file with the Department of Personnel shall determine the salary range applicable to all positions of the class.

(b) The Department of Personnel will maintain complete class specifications including minimum education and/or experience requirements for all positions in the Technical Service Salary Plan. Before an employee may be appointed to a position in the Technical Service Salary Plan, he must be recommended by the appointing authority and his education and/or experience must be approved by the Director of Personnel and the Mayor's Office as meeting the minimum requirements of the class specification.

(c) The salary schedule for Physicians and Dentists shall be as set forth in Schedule E. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at an entrance rate, and advancements by successive steps from each specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the period specified in the schedule for each category of Dentist, Medical General Practitioner or Medical Specialist. Additional compensation may be paid for each Medical Practitioner upon his becoming Board Certified as specified in Schedule E III. Supervisory responsibility will be recognized in Salary Schedule E IV by the payment of additional compensation as delineated in the Supervisory responsibility category.

(2) *Salary Schedules.*

Each salary range in Schedules B, G, and S includes an entrance rate, and intermediate rate or rates and a top rate. The normal entrance rate shall be the rate to be designated in the salary schedule for all salaried positions. Except as otherwise provided herein, the salary upon initial appointment to any positions shall be at the entrance rate and advancement by successive steps from a specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the periods specified in the schedules.

(3) *Longevity Salary Schedule*

Each longevity salary range in Schedule C includes longevity pay rates. Advancement by successive steps to the next higher rate or rates shall be made on the basis of satisfactory continuous service for at least the periods specified in the schedules.

(5) *Salary Rates Based upon Full-Time Employment.*

The salary rates prescribed in the salary schedules are fixed on the basis of full-time service for normal work weeks of 35 to 40 hours, except as indicated otherwise for certain classes in Schedule A on file with the Department of Personnel. For positions which are professional, supervisory and executive in character, the normal work weeks of 35 to 40 hours generally apply, but the compensation is intended to be appropriate for the class regardless of variations in the time that may be required to satisfactorily fulfill the responsibilities of the positions.

(6) *Computation of Salaries of Part-Time Employees.*

A professional employee occupying a position in Schedule E, or Schedule S who is regularly employed on a continuing work schedule of less than 35 hours per week except those employees paid on an hourly basis, shall be compensated on the following basis:

(7) *Continuity of Service.*

Service requirements for advancement within the salary ranges and for other purposes as specified in this resolution shall have the implication of continuous service with the City of Chicago, including the positions which are exempt from the jurisdiction of the Department of Personnel. This means continuously paid employment without a break or interruption; provided that any absence or leave without pay or layoffs for 30 days or less or absence in individual cases adjudged eligible for duty disability compensation or absence on military leave as set forth in Chapter 24-1/2, paragraph 151 of the Illinois Revised Statutes shall not affect the continuity of service. Absence from the City service on leave without pay for periods in excess of 30 days, all suspensions, time after layoffs for more than 30 days and all absences without leave shall be deducted in computing total continuous service. All separations, discharges and resignations not followed by reinstatement within one year, shall interrupt continuous service and shall result in the loss of all prior service credit. Time on a career service reinstatement list of more than two years, where at least one offer of re-employment has been made and waived or refused, shall interrupt continuous service and shall result in the loss of all service credit. Personnel who are paid by voucher shall receive no credit for continuity of service for the period they are paid by voucher.

Uniformed Firefighters may receive credit only for service with the Chicago Fire Department, and Sworn Police Personnel may receive credit only for service with the Chicago Police Department for the purpose of advancement within the salary schedules, provided that the above interpretation of continuous service shall apply.

Any employees of the City, except uniformed Firefighters and Sworn Police Personnel, who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, The Metropolitan Sanitary District of Greater Chicago, the State of Illinois. Non-seasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuity of service for the time worked.

(8) *Insurance Coverage.*

In providing for individual or family employee hospital and medical care insurance as set forth in the Annual Appropriation Ordinance under code .042, each company that provides hospital and medical insurance coverage shall first be approved by the Mayor and the City Comptroller. The benefits provided for in policies to be issued by approved companies shall all be comparable in order that each employee will receive comparable benefits for the premium paid; and policy provisions and rates shall all be approved by the Mayor and the City Comptroller and the same shall be approved by the Corporation Counsel as to form and legality. The policy or policies shall be kept on file with the City Comptroller. Each insurance company shall report to the City Comptroller and the Chairman of the Committee on Finance of the City Council setting forth the number of employees insured, the name and amount expended on behalf of each employee or his beneficiaries and the number of claims pending together with the names of the claimants and amounts claimed. Each company shall file said reports on or before the first day of August and the first day of February for the prior six months ending on June 30 and December 31.

The enrollment period shall commence on January 2nd and shall terminate on January 31st of each year, except for new employees who shall be eligible for coverage upon request. All employees shall have not less than 90 days accumulated employment with the City in order to be eligible for coverage. Changes in coverage within a group plan will only be made on the 1st of each month with the approval of the City Comptroller. Where more than one member of a family is employed by the City, only one coverage will be allowed.

C. Application and Interpretation of the Employee Benefit and Compensation Plan

(1) *Starting Rate on Initial Employment.*

Original appointments to any positions shall be made at the entrance rate of the salary range prescribed for the applicable class grade. In exceptional cases, upon recommendation by the department head and approval of the Director of Personnel, the Budget Director and the Chairman of the Committee on Finance of the City Council, original appointment may be made at a base rate above the normal entrance rate. Entrance above the base rate shall be based on the outstanding and unusual character of the applicants education, experience and training over and above the minimum qualifications specified for the class.

(2) *Starting Rate on Return to Duty.*

When an employee returns to duty in a position of the same class grade after a separation from the City service of not more than one calendar year, which separation was not due to discharge or resignation for cause, such employee shall receive the rate in the applicable salary range of the step corresponding to the step at which paid at the time of separation, and shall subsequently serve thereat for at least such additional period as required for advancement to the next higher step.

(3) *Starting Rate Following Promotion.*

When an employee is promoted from one position to a position in a higher class grade, except in Schedule E, such employee shall be paid at a rate that will provide an increase in salary of approximately five percent over the last salary paid, except that such employee shall be paid at least the entrance rate of the new position, even though this may produce an increase in excess of the aforementioned limitation. This action shall be effective on the first day of a pay period and shall not precede the receipt of the Personnel Action Report (CS14) at the Department of Personnel.

(4) *Starting Rate of Reclassification of Position.*

In the event that a position is reclassified from one class of positions to another class of positions in the same class grade, except in Schedule E the incumbent of such position when appointed to the new position by proper authority shall retain the salary he received in the former position.

In the event that the class grade for a class of positions is changed to a higher class grade by the appropriate authority, the incumbent of such position shall retain the rate of pay received in the former grade, and shall receive such rate of pay for such additional period as may be required for advancement to the next higher rate of pay, provided that such employees shall be paid at least the entrance rate for the new grade.

In the event that the class grade for a class of positions is changed to a lower class grade by the appropriate authority, the incumbents of such positions shall retain the salary received in the higher salary range.

(5) *Starting Rate on Appointment to a Position of a Lower Class Grade.*

In the event that an employee is appointed to a position of a lower class grade than that of his former position; such employee shall be paid at the same step in the lower class grade as he had been paid in the higher class grade, provided that when an employee receives a career service promotion which is of a lower class grade than the position in which he is employed, the salary of said employee in the new position shall be based upon the length of service in the position from which he is being promoted plus the length of service in the higher class grade position.

(6) *Anniversary Dates and Salary Schedule Advancement Following Salary Adjustment.*

After initial appointment to a classified position under the jurisdiction of the Department of Personnel or to a position in the exempt offices, the anniversary date for an employee for purposes of advancement within a salary range shall be adjusted to coincide with the date of any action which increases the pay of the employee. Such action may be in the form of pay advancement within a salary range, promotion, reclassification of the position or change of class grade of the position.

(7) *Limitation of Salary Adjustments.*

Personnel actions which result in increases in pay by means of advancement within a salary range, promotion, reclassification or position, or change of class grade or position shall be made as set forth herein, provided that no employee shall receive the benefit of more than two such actions in any calendar year, unless a supplemental action is recommended by the department head and is approved by the Director of Personnel, the Budget Director and the Chairman of the Committee on Finance of the City Council.

(8) *Accumulation of Service in One Class of Positions.*

Whenever an employee accepts work of the same or of a higher level under a different class of positions and later returns to his former same or lower position, his term of employment under such different class of positions shall apply on and be added to his term of service in the same or lower level class upon his return to same, for the purpose of determining the appropriate rate of pay within the range appropriate for the class; provided his employment in the City service has been continuous as hereinbefore defined.

(9) *Recommendations for Pay Advancements within a Salary Range.*

The department head concerned shall recommend to the Director of Personnel the advance in salary of each employee whose performance merits a step increase and who, in addition has met the requirements for salary advancement within the range for the position in accordance with the service requirement specified in Section B dealing with the various salary schedules. The recommendation should include a certification that the employee has at a minimum a performance rating that falls within the range characterized as "Good" as described in the Performance Rating Guide issued by the Department of Personnel.

The effective date of any advancement within the Compensation Plan shall be at the first day of the next pay period following the date advancement is recommended and authorized as provided herein and approved by the Department of Personnel or by the appointing authority for positions in the exempt offices.

D. Prevailing Rate Positions.

A prevailing rate (PR) position is hereby defined as one for which the rate is established under acceptable evidence of the wage prevailing in industry. Such positions are usually craft, labor or trade positions, and are not paid under the provisions of the Compensation Plan.

In the event that the pay basis for a position is changed from a prevailing rate basis to a salary schedule in a class grade, the incumbent shall receive the lowest rate in the salary schedule that will not result in a decrease in salary. The Compensation Plan provisions shall thereafter govern.

In the event that an employee is appointed from a position paid on a prevailing rate basis to another position classified and paid under the Compensation Plan, such employee shall be given credit for the time served in the former position in determining the salary rate, provided that the duties performed in the new position shall be in the same line and character of work as the duties performed in the former position; further, that any increase in salary shall not exceed 5%, and provided further that the employee shall in no case receive less than the minimum rate of the salary range of the new position. The applicable Compensation Plan provisions shall thereafter govern.

E. Application of the Compensation Plan

Congratulations and Best Wishes Extended to Harry Zelzer on Occasion of His Retirement.

A proposed resolution (presented by Alderman Stone) reading as follows:

WHEREAS, Harry Zelzer, Chicago's "Mr. Culture," has decided to retire in 1978; and

WHEREAS, Harry Zelzer and his Allied Arts Corporation have had landmark status in Chicago's cultural scene for almost 50 years, having sponsored virtually every major, internationally famous classical artist who has concertized in our city since 1930; and

WHEREAS, Now 80 years young, Harry Zelzer has zealously guarded the Allied Arts Corporation and has taken steps before his retirement to assure the continuation of his great efforts on Chicago's cultural behalf. He recently attempted to turn over his corporation to the people through the City of Chicago. When administration of such a massive function proved infeasible, Mr. Zelzer was able to turn over Allied Arts intact to the Orchestral Association, which administers the Chicago Symphony Orchestra. Thus the function of bringing superb musicians, dancers and artists to the Chicago public will continue uninterruptedly, and our city will continue to benefit from Harry Zelzer's tradition; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, gathered here this 21st Day of December, 1977, A.D., do hereby offer our congratulations and our most sincere expressions of gratitude to Harry Zelzer for his outstanding contributions to the superior cultural standards of our great city and to the uplift of its citizens and visitors, and for seeing to the continuation of Allied Arts under its new custodian, the Orchestral Association; and

Be It Further Resolved, That we extend our best wishes to Harry Zelzer upon the announcement of his imminent retirement and our hopes that his future will be as productive for him personally as his past has been for us; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Harry Zelzer.

MEDAL OF MERIT PRESENTED TO CHICAGO CITIZENS FOR OUTSTANDING BRAVERY.

Honorable Michael A. Bilandic, Mayor, by unanimous consent presented the following Citation:

WHEREAS, Heroism of any description is ever and always inspiring and laudable, and this is particularly true when life-saving acts are performed unflinchingly in the face of great physical danger; and

WHEREAS, It is fitting in every way that heroism should be recognized and commendation be accorded those who do not hesitate to become involved and selflessly render exceptional service to their fellowmen; and

WHEREAS, It is right and proper that appreciative consideration be given by the City Council of Chicago and the community as a whole, to heroic deeds far above the ordinary, as follows:

On December 30, 1977, at Ashland Avenue and 63rd Street, there occurred a three-car traffic accident which was to call forth spontaneous acts of heroism by four persons: Police Officers Ronald Allman and Richard King, Edward O'Hare, a CTA motorman, and Drewey Whittaker, a newsboy and Calumet High School student.

When two cars collided in a shower of sparks and flame at that intersection, they continued moving, crashing into two additional stopped cars. Officers Allman and King were at the intersection and speedily took action.

Officer Allman, seeing an accident victim, clothes already aflame, lying on the pavement with a trail of burning gasoline approaching him, dragged him to safety and then kept two men, bearing fire extinguishers, away from the burning autos, seconds before the vehicles exploded.

Officer King, meanwhile, in spite of danger to himself, entered the burning car and rescued the dazed driver who was making no attempt to flee the car's flames. Immediately after the driver was dragged from the car, flames reached the gas tank and the car exploded.

Edward O'Hare, with the assistance of Drewey Whittaker, pulled to safety a third man trapped in a burning car. Both O'Hare and Whittaker responded to the car occupant's cries for help despite warnings from the many spectators to stay away and despite the flames which threatened their lives.

Therefore, With deep appreciation of their heroism, admiration of their bravery, and recognition of their example of true concern for fellowbeings, I am today awarding to Ronald Allman, Richard King, Edward O'Hare and Drewey Whittaker the Chicago Medal of Merit.

The Mayor then presented the Medal of Merit to Officer Ronald Allman, and Officer Richard King; Edward O'Hare and Drewey Whittaker.

All thanked the Mayor and assembled members of the Council for the honor accorded them. Aldermen Barden, Burke, Shannon and Madrzyk all expressed their pride and gratification and extended their congratulations to the members who had helped to save lives at the risk of their own.

The Mayor also presented Senator Charles Chew who also expressed his pride in the accomplishments of those who had acted so valiantly in saving the lives of so many people.

For the year 1978, a tax sufficient to produce the sum of $97,750,000.00 for interest and principal.

SECTION 5. A copy of this ordinance duly certified by the Clerk of the City of Chicago shall be filed in the offices of the County Clerks of Cook and DuPage Counties, Illinois, and such filing shall constitute the authority for and it shall be the duty of said respective County Clerks to extend for collection such taxes herein levied, such taxes to be in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by said City of Chicago on behalf of said City.

Interest on and principal of said notes coming due at any time when there are insufficient funds on hand from the proceeds of the taxes herein levied to pay the same shall be paid promptly when due from any available monies of the City of Chicago in advancement of the taxes herein levied and when said taxes shall have been collected reimbursement shall be made in the amount so advanced.

After said Notes hereby authorized in the aggregate principal amount of $89,000,000 have been issued, it shall be the duty of the County Clerks of Cook and DuPage Counties, Illinois, in computing the tax rate for corporate purposes for the fiscal year 1978 to reduce said tax for said corporate purposes by the amount herein levied to pay the principal of and interest on said Notes hereby authorized to maturity, subject to such abatement of such taxes herein levied as hereinafter provided in Section 6 hereof and resulting from a sale of the Notes herein authorized at a lower rate of interest than the rate herein provided for, and it shall be the duty of the Clerk of said City of Chicago, not less than thirty (30) days prior to the tax extension date for taxes levied for the year 1978, to certify to the respective County Clerks the amount of money borrowed from the working cash fund against the 1978 taxes for corporate purposes, and which is to be reimbursed from the taxes levied for such purpose.

In the event that such Notes are sold bearing an interest rate less than the maximum rate herein authorized, then the City Comptroller shall include in the notification of sale above referred to further information to indicate the amount of savings in interest cost to the City resulting from such sale at a lower rate of interest, and, in addition, said Comptroller shall file in the offices of the County Clerks of Cook and DuPage Counties a certificate of tax abatement, such certificate referring to the amount of taxes herein levied for the year 1978 for the payment of the principal of and interest on the Notes herein authorized to their maturity, indicating the amount of reduction in interest cost to the City resulting from the sale of the Notes herein authorized at a lesser rate of interest than the maximum rate herein authorized and which amount is to be abated from the taxes herein levied for the year 1978 and further indicating the remainder of such taxes herein levied for the year 1978 which are to be extended for collection by said respective County Clerks.

That simultaneously with such delivery of said Notes, the City Treasurer and the City Comptroller shall withdraw from such sale proceeds an amount which, together with accrued interest received, will be sufficient to pay the interest becoming due on said Notes on October 15, 1978 which amount shall be deposited in escrow with the Continental Illinois National Bank and Trust Company of Chicago under the terms of an agreement which will provide that such amount is being deposited to provide sufficient funds for the prompt payment of the interest coupons representing the interest becoming due on said Notes on October 15, 1978, and which said agreement shall further provide that the amount so deposited therein shall be invested in investments permitted by State law and having such maturities that sufficient funds will be available for the prompt payment of interest coupons numbered one, and including paying agency fees and fees for acting as such depositary. Paying agency fees and fees for acting as such depositary shall be deducted from the earnings of such investments, and the amount remaining of such earnings shall be paid to the City Treasurer for deposit in the Corporate Fund of the City. The amount withdrawn from the proceeds of the sale of said Notes shall be deposited into said Corporate Fund from the taxes herein levied for the year 1978 to pay the principal and interest requirements of said Notes, when the same will have been collected.

The proceeds of said Notes shall be used to provide the sum necessary for corporate purposes for the year 1978. Said Notes in the principal amount of $89,000,000 constitute the first series of Notes issued for 1978 pursuant to the acts hereinabove mentioned.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Permission and authority hereby are given and granted to the American National Bank and Trust Company of Chicago, a national banking association, not individually, but as Trustee under Trust No. 24651, upon the terms and subject to the conditions of this ordinance to maintain and use as now constructed a concrete pedestrian tunnel, to be used to connect the five (5) story brick factory known as Nos. 1714-1724 N. The location of said pedestrian tunnel shall be as shown on print hereto attached, which by reference is made a part of this ordinance. Said pedestrian tunnel shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation and the Commissioner of Buildings. The grantee shall keep that portion of the public way over said pedestrian tunnel in good condition and repair, safe for public travel and free from snow, ice and debris to the satisfaction of the Commissioner of Streets and Sanitation.

The grantee agrees to furnish the City of Chicago a surety bond in the sum of $10,000.00, said bond to be used to defray cost of removal of said structures and appliances at any time the City of Chicago determines the need for the removal or to be used for any liability suits or judgments, cost and damages or after expiration of the authority herein granted.

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privilege herein granted the sum of Two Hundred dollars ($200.00) per annum, in advance, the first payment to be made as of June 29, 1977, and each succeeding payment on the same day and month annually thereafter. For the City of Chicago to recover from the Bonding Company and grantee under this Section, it is not necessary that the City of Chicago first make said removal, relocation, alteration, repair, maintenance or restoration. The Commissioner of Streets and Sanitation is hereby authorized to determine what cost would be involved to perform said removal, relocation, alteration, repair, maintenance or restoration and his decision as to the amount shall be final and binding. The grantee and the Bonding Company, upon receiving written notification from the Commissioner of Streets and Sanitation of the cost of said removal and restoration shall pay immediately said amount upon demand. It shall be the responsibility of American National Bank and Trust Company of Chicago, U/T No. 24651, to furnish the City of Chicago, prior to issuance of permit for this privilege, a copy of proof of insurance (Certificate of Insurance) in an amount not less than $100,000.00/$300,000.00 for Public Liability and $25,000.00 for Property Damage, and also to name the City of Chicago as "Additionally Insured". This Agreement, dated ....., 1978, is entered into between The City of Chicago in the State of Illinois, a home rule unit and a body politic and corporate (herein called the "City"), the banks named on the signature pages hereof (herein collectively called "Banks" and individually called "Bank") and The First National Bank of Chicago, Chicago, Illinois ..... (Bank), as Agent (and in such capacity herein called "Agent");

WITNESSETH:

Whereas, The City is a body politic and corporate under the laws of the State of Illinois and a home rule unit under Article VII of the Constitution of the State of Illinois; and

Whereas, The City has determined to exercise its home rule power under the 1970 Constitution of the State of Illinois and to make necessary public improvements together with the acquisition of real and personal property incident to such improvements, all for the public use and benefit, all within the City and the procedure to be followed in securing moneys for the payment thereof being provided for in Sections 7-58 to 7-65, inclusive, of the Municipal Code of the City of Chicago, as amended, or any other procedures which may be provided by law for the issuance of General Obligation Bonds of the City; and

Now, Therefore, In consideration of the mutual agreements herein contained, the parties hereto agree as follows:

1. *Representations.* To induce the Banks to accept the Interim Notes provided for herein, the City represents that:

(a) The City is a body politic and corporate created and existing under the laws of the State of Illinois and the 1970 Constitution of the State of Illinois; that pursuant to the provisions of Section 6(a) of Article VII of the 1970 Constitution, the City is a home rule unit and has full power and authority to enter into this Agreement, and to perform the provisions thereof which are hereinafter provided to be performed by the City.

(b) The City shall (prior to the date of the maturity of the individual Interim Notes) make all necessary arrangements to obtain financing for such Projects as are financed in whole or in part by Interim Notes issued hereunder (herein called the "Projects") through the authorization, sale and issuance of Bonds which shall be the full faith and credit general obligations of the City, payable from ad valorem taxes to be levied by said City without limitation as to rate or amount against all taxable property situated within the City (herein called the "Bonds") and which it is permitted to issue in the manner as provided for in Sections 7-58 to 7-65, inclusive, of the Municipal Code of the City of Chicago, as amended, referred to in the preamble hereof, or which Bonds may be authorized in such other manner as may hereafter be provided by law.

(c) In the event that the Project may be abandoned or if, for any reason, Bonds are not or cannot be issued or cannot be issued in an amount sufficient to pay in full such Interim Notes, both principal thereof and interest thereon, then the City will promptly make such provision as may be necessary to provide for the

prompt payment of such Interim Notes from money on hand and legally available for such purpose or will provide for the appropriation and levy of taxes on all taxable property within the City in an amount sufficient for the paying of the principal and interest on such Interim Notes then outstanding.

Each such Interim Note shall be in the form of Exhibit "A" attached hereto.

Such Ordinance shall, among other things, describe the location of the Project, and shall include a general description of such public improvement, the uses to be made thereof, shall designate the name by which such Project shall be identified, the public purpose for which the Project is being acquired or constructed, shall indicate the estimated cost of such Project, which estimated cost may include the amount of the estimated interest which will accrue on the amount to be borrowed during the estimated period of time to complete the Project, shall make an appropriation of such amount for the purpose of paying such cost and shall indicate the maximum amount to be temporarily borrowed for such Project.

(iii) The opinion of Messrs. Chapman and Cutler of Chicago, Illinois, addressed to the City and each Bank, to the effect that: (A) The City is a home rule unit as defined by Article VII of the 1970 Constitution of the State of Illinois and constitutes a body politic and corporate of the State of Illinois pursuant to the laws of the State of Illinois; (B) The City has full power and authority and has taken all necessary action to enter into this Agreement; (C) The Interim Notes are authorized by the City and said Interim Notes are the valid and binding obligation of the City, enforceable according to their terms; (D) The Interim Notes are a debt of City to which the City has pledged its full faith and credit for the repayment thereof; and (E) Interest on the Interim Notes issued under this Agreement will be exempt from Federal Income Taxes under present laws, rules, regulations and decisions so long as the Interim Notes are not "arbitrage bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended, and the regulations thereunder.

(iv) A Certificate of the Mayor of the City and the Comptroller of the City in the form of Exhibit "B", attached hereto, to establish the following: (A) Identifying the Project for which the issuance of Interim Notes is requested and representing that the proceeds of such borrowing are to be used solely for such Project; (B) Representing that there is no litigation pending or to the knowledge of the said officers threatened nor is any legislation pending which questions or would limit the right, power or authority of the City to enter into this Agreement, to issue its Interim Notes under the provisions of this Agreement, or to authorize, sell and issue its full faith and credit general obligation Bonds for the payment of such Interim Notes, or to levy its ad valorem taxes without limit as to rate or amount against all taxable property within the City and sufficient to pay such Bonds and interest thereon or to perform any of its obligations under this Agreement; (C) Advising whether or not the City is in default in any of its covenants herein set forth or set forth in any of said Interim Notes or set forth in any Bonds of the City heretofore issued and then outstanding; (D) Stating that Ordinances have been duly adopted by the City Council at a meeting duly held, approved by the Mayor and published, the substance of each such Ordinance being responsive to the requirements set forth in Sections 3(a) (i) and 3(a) (ii) hereof; and (E) Certifying the amount appropriated for the Project in the Ordinance adopted authorizing the making of the public improvement and authorizing the issuance of Interim Notes to finance such Project referred to in Section 3(a) (ii) hereof or as such Ordinance may have been subsequently amended or supplemented by increasing the amount appropriated for the Project, and certifying that the aggregate amount of Interim Notes issued for the pertinent Project, does not exceed the amount appropriated for such Project as provided for in the Ordinance referred to in Section 3(a) (ii) hereof, or as such Ordinance may have been subsequently amended or supplemented by increasing the amount appropriated for the Project.

(b) At the time of the making of each subsequent Loan and each subsequent issuance of an Interim Note hereunder pursuant to this Agreement concerning a Project for which In-

terim Notes have previously been issued, the City, acting by its Mayor and the City Comptroller, shall deliver to the Agent in a sufficient number of counterparts so that each Bank may have one such counterpart, properly executed certificates executed by said officers and certifying as of the date that such borrowing is to be made as to the matters referred to in Section 3(a) (iv) hereof, together with a properly executed Interim Note in the form of Exhibit "A" and the opinion of Messrs. Chapman and Cutler of Chicago, Illinois, covering the additional borrowing and in the manner referred to in Section 3(a) (iii) hereof. The said certificate shall also state the aggregate amount of Interim Notes previously issued and outstanding with respect to the Project as of the date that such additional borrowing is made. In the event that the amount of the additional borrowing for a particular Project together with the amounts previously borrowed for such Project exceeds the amount of the temporary borrowing first authorized by the Ordinance referred to in Section 3(a) (ii) hereof, then there shall also be supplied a certified copy of the Ordinance adopted by the City Council, approved by the Mayor and published, such Ordinance authorizing an increase in the amount of the temporary borrowing for such Project and to such an amount at least equal to the aggregate amounts previously borrowed for such Project and including the amount then proposed to be borrowed for such Project.

(c) All Interim Notes with respect to any Project shall mature on the same day but not more than five (5) years after the date that the first Interim Note with respect to such Project shall have been issued. Such Interim Notes may be once renewable to mature not more than two years after the date that the first Interim Note with respect to such Project shall have matured. Evidence of such extension shall be noted on the face of such Interim Note so extended with a statement as to the date that such extension was authorized by Ordinance adopted by the City Council and approved by the Mayor, such statement to have affixed thereto the signatures of the Mayor of the City, of the City Comptroller, to be attested by the City Clerk, and to be also signed and attested by authorized officers of the Bank, acting as Agent.

(d) Notwithstanding any other provision of this Agreement, no loan shall be required to be made hereunder if any condition precedent is not satisfied or if any event of default, or any event which upon the service of notice and the lapse of time would be an event of default, or either, has occurred and is continuing.

(e) Whenever Bonds are issued in the manner as provided for in Sections 7-58 to 7-65, inclusive, of the Municipal Code of the City of Chicago, as amended, or Bonds are issued in any other manner then provided by law to provide permanent financing for a Project, all Interim Notes previously executed and delivered to the Agent under the terms of this Agreement with respect to such Project, including the unpaid interest that has accrued thereon, shall be paid and cancelled simultaneously with the issuance of such Bonds.

4. *Interim Notes Evidencing Borrowings.*

(a) Borrowings for each Project hereunder by the City shall be evidenced by an Interim Note of the City in the form of Exhibit "A", hereto attached, with appropriate spaces, and dated the date of the borrowing. Each such Interim Note shall be payable to the order of ..... (Bank) as Agent, for the benefit of each of the Banks in accordance with their proportion of the loan evidenced by such Interim Notes.

(b) Each Interim Note shall be executed in the name of the City by the Mayor of the City, by the City Comptroller, shall be attested by the City Clerk and the seal of the City shall be affixed thereto.

(c) The failure of the City to complete any Project or the abandonment by the City of any Project for any reason whatsoever shall not affect the obligation of the City to pay in full, both as to principal and interest, the Interim Notes issued with respect to such Project or Projects, in accordance with their terms and this Agreement.

(d) Each Interim Note shall be a direct and general obligation of the City payable (both principal and interest to date of payment):

(i) From proceeds to be received through the authorization, sale and issuance of Bonds of the City which shall be the full faith and credit general obligations of the City, payable from ad valorem taxes to be levied by said City without limitation as to rate or amount against all taxable property situated within the City and which the City is permitted to issue in the manner as provided for in Sections 7-58 to 7-65, inclusive, of the Municipal Code of the City of Chicago, as amended, or which Bonds may be authorized in such other manner as may hereafter be provided by law, or, from moneys on hand and legally available for such purpose or from taxes to be duly levied and collected on all taxable property within the City. Simultaneously with the issuance of any such Bonds, the said Interim Notes, both as to principal thereof and unpaid interest that has accrued thereon, shall be paid from the proceeds to be received from the sale of such Bonds and such Interim Notes so paid shall be cancelled and surrendered to the City. Upon payment of any of such Interim Notes, either from moneys on hand and legally available for such purpose or from taxes duly levied and collected for such purpose, such Interim Notes shall be cancelled and surrendered to the City.

(ii) In the event that the Project may be abandoned or if, for any reason, Bonds are not or cannot be issued or cannot be issued in an amount sufficient to pay in full such Interim Notes, both principal therefor and unpaid interest that has accrued thereon, then from money on hand and legally available for such purpose or from taxes to be duly levied and collected on all taxable property within the City.

5. *Interest.* Each Interim Note evidencing loans made hereunder shall bear interest from the date of issuance which interest is payable on the first day of July following the issuance of each Note and annually on each July 1 thereafter until such Note is paid, at an interest rate per annum equal to the lesser of (i) 7% or (ii) a rate of interest equal to 60% of the "Agent's Prime Rate" from time to time in effect and changing as such Prime Rate may change. The "Agent's Prime Rate" shall mean the rate charged by the Agent for 90 day unsecured loans made at its banking house in Chicago, Illinois, to commercial customers of the highest credit rating. The agent shall notify the City within three (3) business days after any change in its prime rate. Notwithstanding all other provisions of this Section 5, if interest on the Interim Notes is for any reason not exempt from Federal Income Taxes, the Interim Notes shall bear interest at 7% per annum. Interest on all Interim Notes shall be computed on a 360-day basis.

6. *City's Right to Prepay the Interim Notes.* The City may, from time to time, without notice and without premium or penalty, prepay any Interim Note, in whole or in part. Any such prepayment

shall be accompanied by payment of the unpaid accrued interest on the principal amount so prepaid to the date of such prepayment. Any partial payment of any such Interim Note shall be evidenced by notation on the face thereof to indicate the date of such prepayment, and the amount thereof and signed by the City Treasurer and signed and attested by proper Officers of the Agent.

7. *Application of Payments.*

(a) All prepayments and other payments by the City with respect to any Project shall be applied to the payment of principal of the Interim Note or Notes issued with respect to such Project and in the order in which they shall have been issued.

(b) In the event of any default in the payment of principal of, or interest on, any Interim Note when such interest becomes due or upon maturity of the principal thereof, or upon the expiration of the period of time for which such Interim Note may have been extended (whether on the date specified in such Interim Note or the extended period), the City by its City Council shall include in its annual Appropriation Ordinance to be adopted sufficient amounts to provide for the payment both as to principal and interest of all such Interim Notes issued for such Project and shall levy a direct tax for such amount as shall be necessary to pay the principal of and accrued interest on such Interim Note and the amounts of such tax shall be appropriated by the City Council for that specific purpose. The rate of such tax so levied shall be extended for collection by the County Clerk without limit as to rate or amount against all taxable property within the City, and such taxes shall be in excess of and in addition to all other taxes to be levied for such year for City purposes.

(c) If any of the Banks shall obtain any payment (whether voluntary or involuntary) upon principal of or interest on any Interim Note in excess of its pro rata share of payments obtained by all Banks upon principal and interest with respect to such Interim Note, then such Bank shall purchase from the other Banks such participation (at face value) in such Interim Note as shall be necessary to cause such purchasing Bank to share the excess payment ratably with such other Banks; provided, however, that if all or any portion of the excess payment is thereafter recovered from such purchasing Bank, the purchase shall be rescinded and the purchase price restored to the extent of such recovery but without interest.

8. *Covenants.* The City hereby covenants and agrees with the Banks that it shall expend the proceeds of each Interim Note solely for the purposes listed in the Certificate with respect to each Project accompanying such Interim Note and the City further covenants and agrees with the Banks that prior to completion of each particular Project, or as soon after completion of a particular Project as reasonably possible, it will use its best efforts to arrange for the permanent financing of such Project and the payment of principal of and unpaid interest that has accrued on any and all Interim Notes which may have been issued under the terms of this Agreement for the temporary financing of such Project.

9. *Events of Default.* If one or more of the following events of default occur:

(a) Default in the payment of principal of, or interest on, any Interim Notes;

(b) Default by the City in the payment of any other indebtedness for borrowed money when the same becomes due and payable;

(c) Any representation made by the City herein is or becomes untrue in any material respect, or any schedule, statement, resolution, report, certificate, notice or writing furnished by the City to the Banks is untrue in any material respect on the date as of which the facts set forth are stated or certified;

(d) The existence of the City shall be terminated by proper legislation, or a decision by a court of competent jurisdiction which has become final and not subject to further review shall terminate the existence of the City or shall, in the opinion of the Banks, prevent the City from carrying out its obligations under this Agreement; or

(e) Default in the performance of any of the City's agreements herein set forth (and not constituting an event of default under any of the preceding subsections of this Section 9) and continuance of such default for thirty (30) days after notice thereof to the City by giving of such notice to its Mayor from the Agent or from the Banks, then the Agent may, and upon the request of any of the Banks, shall, declare the obligation to make loans for any or all of the Projects hereunder to be terminated, whereupon the obligation of the Banks to make loans hereunder shall immediately terminate as to each such Project.

10. *The Agent.*

(a) Each Bank authorizes the Agent to act on behalf of such Bank to the extent herein provided and to take such other action as may be reasonably incidental thereto.

(b) The Agent shall not be required to do any act hereunder, to take any action towards the execution or enforcement of the agency hereby created or to prosecute or defend any suit in respect of this Agreement or any security unless indemnified by the Banks to the satisfaction of the Agent against loss, cost, liability and expense. If any indemnity furnished to the Agent for any performance should become impaired, the Agent may call for additional indemnity and cease to do the acts indemnified against until such additional indemnity be given.

(c) Each Bank agrees to reimburse the Agent for such Bank's pro rata share (based upon its percentage of the aggregate commitment) of all reasonable attorneys' fees and legal expense incurred by the Agent hereunder or in connection herewith or in enforcing the obligations of the City hereunder or under the Interim Notes or any security therefor.

(d) The Agent shall promptly distribute to each of the Banks each Bank's pro rata share of all payments actually received by the Agent with respect to each Interim Note. The Agent shall conclusively deem the respective Banks to have a continuing interest in each Interim Note until such time as the Agent shall have received written notice from such Bank that its interest in any said respective Interim Note has been assigned to an assignee and setting forth the name and address of such assignee.

(e) Neither the Agent, nor any of its directors, officers, employees or agents shall be liable as such for any action taken or omitted by it or them, except for its or their own willful misconduct, nor responsible for any recitals or warranties herein, nor for the execution or validity of this Agreement, nor for the validity, effectiveness or enforcement of any security, nor to make any inquiry concerning the performance by the City of its obligations. The Agent shall be entitled to rely upon advice of counsel concerning legal matters and upon any Interim Note, schedule, statement, report, notice or writing which it believes to be genuine or to have been presented by a proper person.

(f) The Agent may resign at any time upon at least thirty (30) days prior notice to the City by the giving of such notice to its Mayor and the Banks. In the event of any such resignation, the Banks having an interest in fifty-one (51%) percent or more of the aggregate unpaid principal, shall appoint a successor Agent.

(g) Each assignee of an interest of a Bank in an Interim Note shall have with respect to such interest, all of the rights, privileges, authorities, duties and obligations of its assignor from and after the time that notice in writing of such assignment shall have actually been received by the Agent.

11. *General.*

(a) No member, officer, agent or employee of the City shall be liable personally on any Interim Note by reason of the issuance thereof.

(b) This Agreement shall be binding upon and shall inure to the benefit of: (i) the City, its successors and assigns; and (ii) the Agent and the Banks, and their successors and assigns, and shall inure to the benefit of each endorsee or assignee of the Interim Notes or any interest therein.

(c) Whenever possible each provision of this Agreement shall be interpreted in such manner as to be effective and valid under Illinois law, but if any provision of this Agreement shall be prohibited by or invalid under such law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

(d) This Agreement may be executed in any number of copies and by the different parties on separate counterparts; provided, however, each counterpart shall be executed by the City and the Agent. When counterparts executed by all the parties shall have been lodged with the Agent, this Agreement shall become effective and at such time the Agent shall notify the City and each Bank.

Application Disapproved for Demolition Permit for Building at No. 337 Menomonee St. in Chicago Landmark District.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

WHEREAS, There has been created a Chicago Commission on Historical Landmarks; and

WHEREAS, The Commission on Historical Landmarks has responsibilities pursuant to Chapter 24-11-48.2-2 of the Municipal Code of Illinois and Chapter 21-64.1 and 21-64.2 of the Municipal Code of Chicago; and

WHEREAS, The Commission has the responsibility for recommending the adoption of ordinances designating areas, places, buildings, structures, works of art and other objects having special historical, community, or aesthetic interest or value as "Chicago Landmarks", thereby necessitating their preservation, protection, enhancement, rehabilitation and perpetuation; and

WHEREAS, The Commission on Historical Landmarks use numerous criteria in making its recommendations as to "Chicago Landmarks"; and

WHEREAS, These criteria include the following:

The character, interest, or value as part of the development, heritage or cultural characteristics of the City of Chicago, State of Illinois, or the United States.

The identification with a person or persons who significantly contributed to the culture and development of the City of Chicago.

The exemplification of the cultural, economic, social or historic heritage of the City of Chicago,

The portrayal of the environment of a group of people in an era of history characterized by a distinctive architectural style.

The embodiment of distinguishing characteristics of an architectural type or specimen.

The embodiment of elements of architectural design, detail, materials or craftsmanship which represent a significant architectural innovation.

The unique location or singular physical characteristic representing an established and familiar visual feature of a neighborhood, community or the City of Chicago; and

WHEREAS, The City Council of the City of Chicago on September 28, 1977 by Ordinance designated the Old Town Triangle District as a "Chicago Landmark" for the following reasons:

"The Old Town Triangle District contains many fine examples of the architectural styles that were important in Chicago after the fire of 1871, most of the homes in the area having been restored in the last 25 years, providing an excellent example of the desirability of life in the older residential neighborhoods close to the center of the city.

Persons important to Chicago and American history have lived in the district, such as William B. Ogden, the first mayor of Chicago; Stephen F. Gale, the first Fire Chief; Charles J. Hull, whose home became Hull House; Eugene Field, the poet; Philip Henrici, the restaurateur; Haddon Sundbloom, who created the man on the Quaker Oats box. Aunt Jemima, and Santa Claus for the Coca Cola Company; Johnny Weissmuller; Ben Turpin; Francis X. Bushman; and Charlie Chaplin.

The German cultural heritage of the Old Town Triangle District bound together the original settlers and later inhabitants around St. Michael's Catholic Church and St. James German Evangelical Church; and the cultural traditions continue today in the Germania Club and the Menomonee Club; and the district today provides a home for many Chicago artists and an important art fair.

Many of the homes in the district are typical of the urban housing that characterized American cities in the late nineteenth century: flat-or-bay-fronted, tall and narrow in proportion, and

usually two or three stories tall. The architectural character of the residences in Old Town has changed little since that time, and new construction in the area has not detracted from the neighborhood. The Old Town Triangle District is an outstanding example closest to the center of the City of the original concept of a residential neighborhood in an urban society.

The Old Town Triangle District contains many excellent examples of the architectural styles that were popular in Chicago during the latter part of the nineteenth century, such as the Italianate and Greek Revival ornamental styles, the Queen Anne style, which is characterized by contrasting building materials, a variety of textures, and an assortment of oriel windows, dormers, terra-cotta ornament, and porches with intricately-turned supports and the Chicago Cottages, a particular building style developed during Chicago's rapid period of development before the fire of 1871 employing a method of construction known as balloon framing, which used lightweight wooden studs. joists, and rafters. Many of these houses exhibit the ornamental plaster work of John A. Boland, who was known for his outstanding work at the World's Columbian Exposition, and reminiscent of interiors in Ireland by the Italian struccadores under architect Richard Castle.

The Old Town Triangle District was one of the first neighborhoods in Chicago to be revitalized and restored after the Second World War, becoming one of the most valued areas in the city, and remains today an historic neighborhood with many of the traditions important to the city.

The Commission on Chicago Historical and Architectural Landmarks has concluded that the Old Town Triangle District is truly important to Chicago, and deserves to be preserved, protected, enhanced, rehabilitated and perpetuated; and the Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the Old Town Triangle District be designated as a Chicago Landmark;" and

WHEREAS, The Department of Buildings of the City of Chicago forwarded to the Chicago Commission on Historical Landmarks on January 17, 1978, an "Application for Permit to Wreck Building or Structure". That application sought permission to demolish the structure at No. 337 W. Menomonee Street. Said application was submitted by Cary Neiman as agent of the beneficiary of the owner of record, and by Brandenburg Demolition, Inc., as wrecker; and

WHEREAS, The structure to be demolished is located in the Old Town Triangle District which is a "Chicago Landmark", the Commission held a special meeting on January 17, 1978, pursuant to Chapter 21, Section 21-64.1(c) of the Municipal Code at which meeting the Commission concluded that the proposed demolition would destroy a significant historical and architectural feature of the Old Town Triangle District and would adversely affect other properties within the area and denied the application; and

WHEREAS, Pursuant to Chapter 21, Section 21-64.1(e) of the Municipal Code of Chicago the Chicago Commission on Historical Landmarks forwarded to the Committee on Finance of the City of Chicago, on Wednesday February 8, 1978, all materials, reports and communications pertaining to its denial of a demolition permit to the owners of the property located at No. 337 W. Menomonee Street which is in the Old Town Triangle District; and

WHEREAS, The Committee on Finance of the City Council of the City of Chicago pursuant to Chapter 21, Section 21-64.1(g) of the Municipal Code of Chicago gave prompt consideration to said disapproval of the Application to wreck the building at No. 337 W. Menomonee Street and held a hearing on the matter on February 14, 1978 and referred the matter back to the Commission and asked that the Commission hold a public hearing for the purpose of hearing additional testimony relative to the Application for a Permit to Demolish the structure at No. 337 W. Menomonee Street; and

WHEREAS, The Commission on Historical and Architectural Landmarks held a public hearing on February 27, 1978 at which meeting numerous witnesses were heard on the subject matter; and

WHEREAS, At the reconvened public hearing held on March 2, 1978 the Commission reaffirmed its conclusion of January 17, 1978 and concluded that the proposed demolition would destroy a significant historical and architectural feature of the Old Town Triangle District and would adversely affect other properties within the area and denied the application and the Commission recommended that the City Council direct that no action be taken other than deny the Demolition Permit, since the applicant had not shown that denial of a Demolition Permit would cause the applicant economic harm; and

WHEREAS, Pursuant to Chapter 21, Section 21-64.1(e) of the Municipal Code of Chicago the Chicago Commission on Historical Landmarks forwarded to the Committee on Finance of the City of Chicago, on Monday, March 6, 1978, all materials, reports and communications pertaining to its denial of a demolition permit to the owners of the property located at No. 337 W. Menomonee Street which is in the Old Town Triangle District; and

WHEREAS, The Committee on Finance of the City Council of the City of Chicago pursuant to Chapter 21, Section 21-64.1(g) of the Municipal Code of Chicago gave prompt consideration to said disapproval of the Application to wreck the building at No. 337 W. Menomonee Street and held a hearing on the matter on March 6, 1978; and

WHEREAS, The Committee on Finance of the City Council of the City of Chicago concurred in the recommendation of the Chicago Commission on Historical Landmarks; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The application for permit to demolish the building located at No. 337 W. Menomonee Street located in the Old Town Triangle District is herewith denied pursuant to Chapter 21, Section 21-64.1(g) of the Municipal Code of Chicago, and that no further action with respect to this application need be taken by any City Department.

SECTION 2. This ordinance shall take effect on and after its due passage and publication.

Authority Granted for Execution of Steam Supply Agreement between City and E. J. Brach & Sons Co.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor be and he is hereby authorized to execute, the City Clerk to attest, the Commissioner of Streets and Sanitation and the City Comptroller to approve, upon approval of the Corporation Counsel as to form and legality, an Agreement with the E. J. Brach & Sons Company wherein the City of Chicago will supply E. J. Brach & Sons Company steam generated from the Chicago Northwest Incinerator for use in process of making candy, and agreement being substantially in the following form:

Agreement for the Sale of Steam

This Agreement, made and entered into as of the ..... day of ....., by and between the City of Chicago, a Municipal corporation of the State of Illinois (hereinafter referred to as the "Seller") and E. J. Brach & Sons Company, (hereinafter referred to as "Buyer"):

Witnesseth, that:

In consideration of the mutual warranties, representations, covenants and agreements hereinafter contained, the parties hereto agree as follows:

The City of Chicago hereby agrees to furnish steam to the E. J. Brach & Sons Company for a period of ten (10) years from a date to be mutually agreed upon after the completion of a steam supply line between the Northwest Incinerator and the Brach plant and also with the following terms and conditions. Hereinafter the City of Chicago will be referred to as the "City" and E. J. Brach & Sons Company will be referred to as the "Company".

1. The City shall design, construct, operate and maintain at its own expense a twelve-inch (12") steam supply piping system capable of delivering clean saturated steam to the Company plant at a pressure of not less than 190 psig at a rate of not less than 165,000 pounds per hour.

2. The City shall design, install, operate and maintain an underground reinforced concrete meter vault in the Chicago and Northwestern Railway right of way as near as possible to the point of entry to the Company plant which will be approximately four hundred (400) feet south of the south line of Ferdinand Street. Within the vault the City shall furnish, install, operate, and maintain suitable equipment for remotely measuring and recording steam flow and pressure. The instruments for measuring and recording said flow and pressure to be furnished and installed by the City in the Incinerator plant adjacent to the main control room where they shall be accessible at all times to authorized personnel of the Company. Also within the meter vault and furnished, operated and maintained by the City shall be suitable electric illumination, main pressure reducing valves, bypass connections, moisture separator, shutoff valves, safety relief valves, steam traps and trap piping, an electric energy source for operation of the instruments, and locked vault access. Metering equipment shall be of a non-mercury filled type, pressure and temperature compensated.

3. The City shall extend its underground steam line from the meter vault to the Company plant building entering at a mutually agreed upon point, at which point the Company will connect and extend into its plant a continuation of steam pipe of matching quality. The City will also extend in connection with the above piping a parallel set of remote wiring leads from all the metering equipment in the vault to the mutually agreed upon point of entrance into the Company plant. The Company shall have the right to review and approve the design as it pertains to the entry to the Company plant and to the meter vault adjacent to the plant.

4. The City agrees to furnish and the Company agrees to purchase a minimum of three hundred million (300,000,000) pounds of steam annually unless the City plant or the Company plant is shut down by Acts of God, strikes, riots, or other conditions beyond their respective control, in which case the minimum quantity of steam to be purchased by the Company shall be reduced pro rata for the length of time either plant is shut down.

5. The City shall be obligated to furnish the steam requirements of the Company (up to available export capacity but not less than 300,000,000 pounds annually) at all times except when conditions beyond the control of the City require that the incinerator be shut down.

   (a) If the shut down is caused by an Act of God or any other condition beyond the City's control which makes it impossible for the delivery of steam using organic (refuse) or auxiliary fuel (gas) with regular or supervisory personnel the City shall be released from its obligation to deliver steam nor will it be held libel for loss of product due to failure to provide steam, nor will it be libel for any costs incurred by the Company in restarting its own standby boilers or in receiving steam from other sources.

   (b) At other times, if the City can operate the plant using supervisory personnel the City will be obligated to operate using gas as a fuel, for up to three (3) days seventy-two (72) hours at no extra charge to the Company.

   (c) At the end of this period, and at the Company's request, the City may, if manpower is available, continue to supply steam using gas for fuel, charging an extra one dollar ($1.00) per one thousand pounds of steam delivered to the Company up to a maximum of $25,000.00 annually.

   (d) At the beginning of any such occurrences as outlined above, and as far in advance of any possible adverse conditions that can be anticipated, the City shall alert the Company so that they may take appropriate emergency measures.

   (e) If the Company sustains a loss of product attributable to the City's failure to provide steam in the quantities, pressure and quality (See Paragraph 6) specified, the City shall award liquidated damages as follows:

      (x) Additional fuel costs (if any) incurred by the Company in producing steam over the rate(s) in effect at the time up to a maximum of seventy-two (72) hours.

      (y) Loss of profits, due to loss of product actually in production at the time of City's alleged failure to comply, in an amount to be negotiated between the Company and the City.

   It should be noted that the City will keep a continuous record of flow rates and pressures of the steam and will test a sample at least one (1) time each twenty-four (24) hours to substantiate steam quality. The City and the Company agree that this data is to be used to test the validity of any Company allegation of non-performance on the part of the City.

6. Recognizing that the Company as a food manufacturer must comply with the regulations of the U.S. Food and Drug Administration, which requires that the steam used by the Company be of high degree of purity and not contain any in going materials prohibited by Paragraph 121. 1088 of the regulations which are attached as Exhibit I and become a part of this contract, the City shall deliver to the Company clean, saturated steam, essentially dry, with an average total solids content of steam entering the Company plant not exceeding 3 ppm, and at the hereinbefore specified pressure and quantity during any hour of any day. The Company, having the right to inspect the boiler-water make up system furnished by the City, and, having also the right to inspect, read and test all indicators and/or meters pertaining to the pressure quantity and quality of the steam shall, in the event the Company claims losses of product and/or profits due to lack of pressure and/or quality of steam, fully substantiated any and all such claims.

7. During the first three (3) years of this contract the Company shall pay the City within twenty (20) days of presentation of monthly bills for steam delivered the sum of two dollars and twenty-five cents ($2.25) per one thousand (1000) pounds of steam for all steam delivered up to the annual rate of three hundred and fifty million (350,000,000) pounds of steam consumed; or if the rate exceeds that annual consumption then two dollars and seventeen cents ($2.17) per one thousand (1000) pounds of steam for all steam delivered up to the annual rate of four hundred million (400,000,000) pounds of steam consumed; or if the rate exceeds that annual consumption then two dollars and nine cents ($2.09) per one thousand (1000) pounds of steam for all steam delivered up to four hundred and fifty million (450,000,000) pounds of steam consumed. For amounts in excess of the four hundred and fifty million (450,000,000) pounds of annual consumption the Company will pay the sum of two dollars ($2.00) per one thousand (1000) pounds of steam delivered.

8. In the event that more than three hundred million (300,000,000) pounds of steam is used by the Company in any one year the excess may be applied to the minimum guarantee of three hundred million (300,000,000) pounds of steam to be used by the Company during any ensuing years for the life of this agreement. This section shall apply to all years of this agreement.

9. In the event that less than three hundred million (300,000,000) pounds of steam are used by the Company in any one year and the Company pays for those three hundred million (300,000,000) pounds of steam in that year, then the amount of steam not used but paid for may be applied as a credit against

steam used by the Company in excess of three hundred million (300,000,000) pounds of steam in any one or more years of this agreement. Such credit shall be at the same rate of dollars per one thousand (1000) pounds of steam as was charged in applying the minimal charge. This section shall apply to all the years of this agreement.

10. For condensate not returned by the Company's plant to the City's incinerator, the Company shall pay the City within twenty (20) days of presentation of monthly bills, the sum of seventeen cents ($0.17) per one thousand (1000) pounds of steam delivered up to the annual rate of three hundred and fifty million (350,000,000) pounds of steam consumed; or if the rate exceeds that annual consumption then sixteen cents ($0.16) per one thousand (1000) pounds of steam delivered up to the annual rate of four hundred million (400,000,000) pounds of steam consumed. For amounts in excess of four hundred million (400,000,000) pounds of steam annual consumption the Company will pay the sum of twelve cents ($0.12) per one thousand (1000) pounds of steam consumed. This section shall apply to all the years of this agreement.

11. After the Contract initial three year period the Company shall pay the City for increases in the City incinerator plant average hourly labor rate for only those employees actively and actually engaged in producing the steam over that prevailing at the time this Contract is signed. The additional amount to be paid shall be one (1) cent per one thousand (1000) pounds of steam over the hereinbefore agreed upon basic rate for each increase of sixteen and one-half cents ($.165) in the average hourly labor rate and a lesser amount of one (1) cent per one thousand (1000) pounds of steam under the hereinbefore agreed upon basic rate for each decrease of sixteen and one-half cents ($.165) in the average hourly labor rate. The average hourly labor rate prevailing at the time of signing this Contract is ..... ($.....).

12. The Company and the City shall each have the option to extend this Agreement for periods of five (5) years by giving notice to the other party of intentions of doing so at least ninety (90) days prior to the termination of the initial 10-year Contract period of subsequent 5-year extensions, whichever applies. Failure of either party to extend this Agreement shall terminate it.

13. Once each month, Seller shall render to Buyer an invoice, covering deliveries made during the preceding month. Within twenty (20) days after receipt of each such invoice, Buyer shall pay Seller the net amount of such invoice, and including any applicable sales or use taxes.

14. 16. Buyer or Seller may not assign this Agreement to any other party or corporation without concurrence of both Buyer and Seller.

17. This Agreement may be executed in any number of counterparts, each of which shall be an original, but such counterparts shall together constitute but one and the same instrument.

18. Seller and Buyer are Equal Opportunity Employers, and in the performance of this Agreement shall not engage in any conduct or practice which violates any applicable law, order or regulation prohibiting discrimination against any person by reason of his or her race, color, religion, national origin, sex or age. The Committee on Local Industries, Streets and Alleys submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith (which was referred to the committee on February 15, 1978, C.J.P. p. 7334):

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Permission and authority hereby are given and granted for a temporary easement to Jefferson Industries, Inc., an Illinois corporation, upon the terms and subject to the conditions of this ordinance to maintain and use as now constructed, a wood and metal loading platform, used for the purpose of shipping, receiving and storage of refuse. Said loading platform shall not exceed one hundred eighty-three (183) feet in length, twelve and fourteen-hundredths (12.14) feet in width, and equaling an area of approximately twenty-two hundred twenty-one and sixty-two hundredths (2221.62) square feet. Said loading platform is located on the south side of W. 21st Street from a point one hundred seventy-four (174) feet west of the west line of S. Marshall Boulevard to a point twenty-two (22) feet west of the west line of S. Marshall Boulevard, attached to the premises commonly known as No. 2100 S. Marshall Boulevard; for a period of five years from and after March 1, 1978.

The location of said loading platform shall be as shown as indicated in red on prints hereto attached, which by reference is made a part of this ordinance. Said loading platform shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation and the Commissioner of Buildings. The grantee shall keep that portion of the public way under said loading platform in good condition and repair, safe for public travel, free from snow, ice and debris to the satisfaction of the Commissioner of Streets and Sanitation.

The grantee agrees to furnish the City of Chicago a surety bond in the sum of $10,000.00, said bond to be used to defray cost of removal of said structures and appliances at any time the City of Chicago determines the need for removal or to be used for any liability suits, judgments, damages or any costs resulting prior to or after expiration of the authority herein granted.

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privilege herein granted the sum of Two Hundred dollars ($200.00) per annum, in advance, the first payment to be made as of March 1, 1978, and each succeeding payment on the same day and month annually thereafter. In case of the termination of the privilege herein granted or the grantee transfers title or vacates the premises, the grantee shall, nevertheless remain liable to the City of Chicago for the annual compensation which shall have become due and payable under the provisions hereof, until the structures and appliances herein authorized are removed and the public way is restored as herein required. Further, renewal authority for the continued maintenance and use of the public ways as herein described shall be obtained prior to the date of expiration of this ordinance.

SECTION 3. This ordinance is subject to amendment, modification or repeal, and permission and authority herein granted may be revoked by the Mayor and the City Comptroller in their discretion, at any time without the consent of said grantee. Upon termination of the privilege herein granted, by lapse of time or otherwise, the grantee, without cost or expense to the City of Chicago, shall remove the structures and appliances herein authorized and restore the public way where disturbed by said struc-

tures or appliances or by the removal thereof, to a proper condition under the supervision and to the satisfaction of the Commissioner of Streets and Sanitation and in accordance to the City Municipal Code. In the event of the failure, neglect or refusal of said grantee so to do, the City of Chicago will have the choice of either performing said work and charging the cost thereof to said grantee or determining what the cost of said work shall be and billing the grantee for said cost.

SECTION 4. The Insurance Company and the grantee, as provided in Section 5, will hold and save the City of Chicago harmless from any and all liability and expense, including judgments, costs and damages, for removal, relocation, alteration, repair, maintenance and restoration of the structures or appliances herein authorized and from any and all damages thereto on account of the location, construction, alteration, repair or maintenance of any public ways, bridges, subways, tunnels, vaults, sewers, water mains, conduits, pipes, poles and other utilities. For the City of Chicago to recover from the Bonding Company and grantee under this Section, it is not necessary that the City of Chicago first make said removal, relocation, alteration, repair, maintenance or restoration. The Commissioner of Streets and Sanitation is hereby authorized to determine what cost would be involved to perform said removal, relocation, alteration, repair, maintenance or restoration and his decision as to the amount shall be final and binding. The grantee and the Bonding Company, upon receiving written notification from the Commissioner of Streets and Sanitation of the cost of said removal and restoration shall pay immediately said amount upon demand. It shall be the responsibility of Jefferson Industries, Inc. to furnish the City of Chicago, prior to issuance of permit for this privilege, a copy of proof of insurance (Certificate of Insurance) naming the City of Chicago as "Additionally Insured", with amounts to coincide with whatever amounts are presently in policy for building. Certificates renewing insurance must be furnished to the Department of Finance, Real Estate Division, no later than 30 days prior to expiration of policy.

SECTION 5. The permission and authority herein granted shall not be exercised until a permit authorizing same shall have been issued by the City Comptroller and upon the faithful observance and performance of all and singular the conditions and provisions of this ordinance, and conditions further to indemnify, keep and save harmless the City of Chicago against all liabilities, judgments, costs, damages and expenses which may in any way come against said city in consequence of the permission given by this ordinance, or which may accrue against, be charged to or recovered from said city from or by reason or on account of any act or thing done or omitted or neglected to be done by the grantee in and about the construction, reconstruction, maintenance, use and removal of said structures or appliances and the restoration of the public way as herein required. Said insurance coverage and Bond shall be continuing in effect until the structures or appliances herein authorized are removed and the public way is restored as herein required.

SECTION 6. The surety, as to the extent of its penal bond as provided in Section 1, and the grantee will further be liable to the City of Chicago for the annual compensation for the use of the public way.

SECTION 7. This ordinance shall take effect and be in force from and after its passage; provided said grantee file a written acceptance of this ordinance, together with the bond hereinabove provided for, with the City Clerk.
